Stacks Bowers Galleries is Pleased to Present Griffin Studios

The Next Generation of Coin Auctions and Marketing

Throughout our nearly 90-year history, Stack's Bowers Galleries has not only consistently led the industry in setting world record prices, but has also been at the forefront of innovating new and exciting ways to present and auction numismatic collections.

Now more than ever, collectors are bidding online. Embracing this trend, we have created an online experience as compelling and appealing to bidders as attending our in-person auctions. Our industry exclusive Coins In Motion technology constructs high resolution animations that accurately capture the in-hand visual appeal of numismatic treasures. Alongside this proprietary technology, we have now taken the next step to provide online content that will bring the excitement of our auctions to any home or office.

Launched in June 2021, Griffin Studios is a custom-built television, film and event facility based at our headquarters in Costa Mesa, California. Our multi-camera, fully integrated 4k broadcast ready facility will host our online auctions, as well as provide space to view collections and bid in-person. With the ability to send and receive feeds around the world, this nearly 5,000 square foot studio represents the next generation of coin auctions and will firmly cement Stack's Bowers Galleries' position as the industry leader.

Unlike standard broadcast facilities, Griffin Studios has been uniquely designed to host numismatic auctions. Alongside a main set for auctions (with dedicated space for live bidders), a central room will allow for viewing, presentations, and hospitality. A grand entrance provides guests with a stunning view of the studio and impressive control room. We aim to bring a sense of occasion and attract excitement to every event, directly increasing bidding competition and revolutionizing our auction presentation.

January 2021 World Paper Money Sale

Welcome to the Stack's Bowers Galleries Official World Paper Money Auction for the ANA World's Fair of Money. Within this catalog can be found a treasure trove of incredibly rare banknotes. Some are the finest known examples of their types, and others are crossing the auction block for the first time. We continue to curate auctions around rare pieces in an effort to help collectors enhance the quality of their collections.

Our August sale will be the first World paper money auction in our brand-new Griffin Studios, a custom-built, broadcast ready television, film and event facility based at our headquarters in Costa Mesa, California. Designed from the ground up to produce the ultimate live auction experience, we have deployed state-of-the-art technology to provide multi-camera global livestreams in full 4k video. Our livestream presentations are enhanced by our patent pending Coins In Motion technology which constructs high resolution animations that accurately capture the in-hand visual appeal of numismatic treasures in a manner unlike any still or video photography available today. Griffin Studios, combined with our award winning live bidding platform, creates an auction presentation that is dynamic, engaging and entertaining and unmatched in the industry. We are committed to being at the forefront of technological advancements in the industry to best serve our bidder and consignor clientele.

The past year has allowed many the time to revisit their collections and determine what's missing, what is duplicated, and what they no longer need. This has created an opportunity for us as we answer the call, not only to aid in filling those gaps, but also to facilitate the sale of many

key pieces of collections. It has been a busy time for our business. We are grateful for the essential workers at the logistics companies for doing their best to deliver packages, and we thank our clients for their patience as those services navigated staffing issues and other restrictions. Things are improving, and it's very exciting to begin making travel plans, and bourse floor arrangements once again!

This catalog has abundant highlights, led by some key collections such as the Don Allen Collection, the Sao Miguel Collection, the Panama Collection and The Ricardo Collection among others. While we feature strong presentations for countries like the Azores, Bahamas, Canada, Colombia, Egypt, Honduras, India, Iran, Iraq, Panama, Portugal, and Russia, these represent just a small sample of what you will find in our official ANA auction.

We hope that you find what you need within the pages of this catalog. But, as always, if you don't see what you are looking for, please don't hesitate to reach out. We love a challenge!

Enjoy the paper,

Aris Maragoudakis

H. Don Allen

The release of H. Don Allen's international paper money collection has been much anticipated by collectors, dealers and chroniclers around the world since his passing in July 2020.

Allen was past president of the International Bank Note Society and had been collecting for over 70 years. His interests over that time were unusually wide-ranging. He investigated the stories that his collectibles told from many different angles and was a prolific and award-winning numismatic writer, speaker and a dedicated promoter of the hobby.

Allen was a Lifetime or Honorary member of the Canadian Paper Money Society, International Bank Note Society, Society of Paper Money Collectors, American Numismatic Association, and Royal Canadian Numismatic Association. He was a fellow of the Royal Numismatic Society, a past president of the Montreal Coin Club and a member of clubs worldwide, from Mexico to the UK to Australia and New Zealand.

Recipient of the Ferguson gold medal, the Canadian Numismatic Research Society's highest award, Allen was a prolific writer of hundreds of articles for the world's

leading numismatic journals and newspapers, including the International Bank Note Society Journal, The Numismatist, Coin World, the Canadian Numismatic Journal, Canadian Coin News and the Farebox.

The Ricardo Collection

The Ricardo Collection is one of the most fascinating collections we have handled. It spans almost every country and was built over 40 years without a single note purchased from an auction or dealer.

Born in New York City to a German mother and half-Colombian, half-Italian father, Ricardo was raised in Colombia. He came to the United States for college and graduate school to learn more about shoe manufacturing with the goal to return to Colombia to run his family shoe business. However, due to the political climate in Colombia at the time he completed his MBA, he was advised to stay in the U.S. and his family instead shut down the business they had run for almost 90 years.

After living in New York for a couple of years post-grad, someone overheard him speaking Spanish at a cocktail party and asked how many languages he spoke. This chance encounter - and the fact that he spoke Spanish as his native language, English and French learned at school, and German that he learned from his mother growing up - landed him his first banking job at a firm specializing in foreign exchange (physical and wire), as well as gold trading.

He started in an unglamorous position, training for work in the credit department. In what he would later realize was another stroke of luck, there was an immediate need in the banknote department for someone fluent in Spanish and French and willing to travel to South America.

His first business trip to Peru was successful, but upon trying to leave the country he was missing a required form and spent an extra day there. He ended up with some extra banknotes (Soles, which at the time were the main Peruvian currency), which would become the first notes of his collection. He started visiting commercial banks in the Caribbean and South America as part of his work, collecting bank notes for himself along the way, many of which were enough to

cover a nice dinner when he left the countries, but not worth enough to buy a pack of gum upon returning a few months later.

When he moved to a new, but smaller apartment in New York, he was faced with either disposing of the notes he had amassed or seriously collecting them to justify the space the albums were taking up. Ricardo made the commitment to begin collecting notes from every country he visited. He didn't know at the time, but his career would take him to over 140 countries and territories, which allowed him the luxury of trading with fellow collectors, bartering trades with dealers, and purchasing new notes from local banks. But he never purchased any notes from a dealer or auction.

Collecting these notes has carried him through many incredible experiences, such as a time he hid GIP in a county guide in Gibraltar and could not locate them until six months later. Or the time he had to obtain an official letter from the Central Bank authorizing him to leave Kenya with one each KES the Bank had given him as a gift. In Argentina, he even has his own note serial number (#1191A). Ricardo went from not knowing much about notes and only learning about them for work, to developing genuine interest in a hobby that turned into passion, fueled by a career that allowed him to expand his collection over the course of 40 years.

The time has come however for Ricardo to share this special offering with the rest of the collecting community. The choice to put the notes in auction stemmed more from a desire to see these notes go to someone who appreciates them, rather than any monetary gain. Due to its size, this collection will be offered in sections over the next few auctions. Included in our August auction are significant offerings from Iran, Iraq, and Russia, as well as some Colombian notes and quite a few others. Lots from this special cabinet found in this catalog are pedigreed to "The Ricardo Collection."

There are no fully original examples graded by PMG in the uncirculated level but we can say this should be among the closest to EPQ since it's only mentioned as having "Pinholes" by PMG and many of these examples suffer from staining, and edge wear.

\$1,000 and Up

AUSTRALIA

Fully Issued 1 Pound Bank of Adelaide Note

30011

AUSTRALIA. Bank of Adelaide. 1 Pound, 1892-1910. P-Unlisted. PMG Very Fine 25. Printed by BWC. Dated 1893. Allegorical female at top center with floral design in background. The underprint consists of dark yellow ink while the border is made up of dark black ink. The reverse of the note displays a violet-red/brown-green design, with the bank building at center. Above the building is the bank name with the written-out denomination below, with "1" counters in each corner. Fully issued examples of this 1 Pound note are next to impossible to acquire, and it might be sometime before another example is offered to the public.

\$10,000 and Up

From the Don Allen Collection.

1910 5 Pound Commonwealth of Australia

30012

AUSTRALIA. Commonwealth of Australia. 5 Pounds, 1910. P-A77. PMG Very Fine 20. Superscribed on Bank of Adelaide. An incredibly scarce early Commonwealth of Australia note, as this is the sole example PMG has encapsulated to date. This 5 pound note has the serial numbers, clause and "Australian Note" superscribed on the original Adelaide bank note. Three allegorical figures are seen below the original bank name, with intricate designs seen in the top left & right corners, as well as the bottom left corner. Dark brownish-red undertint makes up the design at center. No design is found on the reverse. These early Australian notes seldom trade hands, and we would not be surprised if our high estimate is met or exceeded.

\$10,000 and Up

From the Don Allen Collection.

The Only EPQ Pick 10

30018

AZORES. Banco de Portugal. 10 Mil Reis Ouro, 1905-10 Issues. P-10. PMG Choice Very Fine 35 EPQ. A highly scarce note which is likely missing from many collections. The note shares the same design as the 10 Mil Reis Portugal issue but shows in a lovely blue hue in favor of the brown borders. Original paper and nice detail are seen which gives this note claims to a VF grade. Only three examples are certified by PMG, and this is the only fully original with an EPQ designation among them. This is not only seen with a radar serial number, but it is also the plate note for The Banknote Book.

AZORES. Banco de Portugal. 10 Mil Reis Ouro, 1905. P-11. PMG About Uncirculated 55 EPQ. B110. Locating any denomination from this scarce issuer is difficult, and typically these higher denominations are only seen in lower states of preservation. This nearly Uncirculated note bucks that trend and offers remarkable color and detail throughout. Still visible embossing of the serial numbers are observed. Only one example, a 58 EPQ is graded finer by PMG.

AZORES. Banco de Portugal. 50 Mil Reis Ouro, 1905-10 Issues. P-14. PMG Very Fine 25. A scarce issued example with "Pagavel nas Agencias nos Acores" overprinted on Portugal Pick 85. This note is also known as the Tobacco Pipe note for the back design which takes the shape of a tobacco pipe due to the watermark. This is the Banknote Book plate note. Stains mentioned by PMG for some spotting on the note but this is typical for the few known examples that also usually are found plagued with rust and edgewear. Only 1 example is graded finer by PMG of the mere four they have certified.

INDIA. Reserve Bank of India. 100 Rupees, ND (1959-70). P-R4. Persian Gulf Note. PMG Choice Uncirculated 63. Signature #74. Watermark of Ashoka Column. Notes from this series are seldom offered in public events, and when one does become available to the collecting community it is sure to garner plenty of attention. PMG's population report lists just three notes in uncirculated grades, two of which are in CU64 holders and the presently offered example which is in a CU 63 grade. India issued this series of notes strictly for use in Persian Gulf countries to regulate the amount of Reserve Bank currency leaving the country, and to control Persian Gulf countries from collecting Indian Rupees and submitting them to the Reserve Bank of India to be redeemed and converted into foreign currency. A highly scarce type, found here in a Choice Uncirculated grade and displays intricate design details in bold ink. PMG comments "Staple Holes at Issue, Pinholes" PMG Pop 1/2 Finer.

This note sits proudly atop PMG's pop report at the time of cataloging. Reserve Bank of India seal type 1 on the reverse with a type 4A language panel at center. 17.1 X 10.7 cm in size with just some pinholes which should be expected for the type and some stains to report that are noted on the holder.

MOROCCO

30336

MEXICO. Banco de Jalisco. 5 Pesos, ND (1889-1913). P-S328. PMG About Uncirculated 55 EPQ. A wildly popular and scarce counterfeit type. This note was printed by National Bank Note Company, under the assumption that Thomas Marshal, who ordered the notes, was a member of the board of directors of Banco de Jalisco. Marshal invented the story, and had NBNC print 5,000 of these notes. NBNC copied ABNC's design down to a "T" under the impression that ABNC lost the contract to print the notes, and then shipped the order to a H.L. Middleton in New Orleans. Middleton then starting signing and selling the notes, but was almost immediately arrested by the United States Secret Service, who in turn confiscated the remaining notes. 1939 Palestinian Currency Board Group

30365

PALESTINE. Lot of (4). Palestine Currency Board. 500 Mils to 10 Pounds, 1939. P-6c to 9c. PMG Very Fine 25 to Choice Very Fine 35 EPQ. 4 pieces in lot. All four of these examples carry the 1939 date. This grouping is very difficult to piece together all at once with the notes all garnering a significant premium individually. The 500 Mils is found in a CVF 35EPQ holder. The 1 Pound is graded VF 30 by PMG. Both the scarce 5 Pound and very scarce 10 Pound notes are graded VF 25 by PMG. The 10 Pound note has only a minor piece of the corner missing which is noted by PMG but it does not interfere with the design. Both the 5 and 10 Pound are also prefix B. This is a rare opportunity to jumpstart a serious collection of Palestine, or fill gaps in an already established collection.

Finest Graded 1 Balboa

30366

PANAMA. El Banco Central de Emision de la Republica de Panama. 1 Balboa, 1941. P-22a. PMG Gem Uncirculated 66 EPQ. Printed by HBNC. A fully original and colorful 1 Balboa that is tied with only two other examples as the finest graded by PMG. This series is among the most heavily sought after in the pantheon of paper money, and the other denominations that follow are equally impressive condition anomalies. The majority of the surviving Panama notes are heavily circulated, and of the 159 1 Balboa notes certified by PMG, only 7 have been graded uncirculated.

30367

PANAMA. El Banco Central de Emision de la Republica de Panama. 1 Balboa, 1941. P-22a. PMG Choice Uncirculated 64 EPQ. Printed by HBNC. A note that has seen a significant increase in popularity these past few years, but is often encountered in the VF 20-25 range and can be found here in a beautiful Choice Uncirculated grade with PMG's all-important EPQ qualifier. This should find its home in an advanced collection and will likely upgrade any pre-existing examples as this is the sole example in a 64 EPQ grade, with just three notes have been graded finer than this example at the time of cataloging, one of which, the finest, is available the lot prior. Depicted at center is a portrait vignette of Vasco Núñez de Balboa flanked at left and right by strong orange-red lathe work. PMG Pop 1/3 Finer.

Finest Graded 5 Balboas

30368

PANAMA. El Banco Central de Emision de la Republica de Panama. 5 Balboas, 1941. P-23a. PMG Gem Uncirculated 66 EPQ. Low Serial Number 487. This incredible 5 Balboa is the sole finest graded on the PMG population report. Additionally, only 3 total examples have even received an EPQ designation for the type. These notes of which only 16 have been certified, are typically encountered with heavy circulation and a plethora of toning. We have handled more fully issued 5 Balboas than any other auction house, yet we have never encountered a gem by any grading service until now.

30369

PANAMA. El Banco Central de Emision de la Republica de Panama. 5 Balboas, 1941. P-23a. PMG Very Fine 30. Printed by the Hamilton Bank Note Company. One of the finer examples we can recall handling for this scarce Five Balboas design type and seen with good appeal and color for the assigned grade. Deep color from the blue and purple under-print and orange guilloche give way to a solid impression of the primary design. Certainly a note that will enhance any collection it enters and pairs terrifically with the 1 Balboa note we are also offering.

Finest Graded 10 Balboas

30370

PANAMA. El Banco Central de Emision de la Republica de Panama. 10 Balboas, 1941. P-24a. PMG Gem Uncirculated 65 EPQ. This is the sole finest graded 10 Balboas by PMG out of 12 issued examples that they have certified. An exciting aspect of the note is the Miami Area Code serial number of 000305, as Miami is among the places with the highest concentration of Panamanian Americans. The center vignette "Panama Viejo" shows the Old Panama Cathedral in Panama City which lies in the remaining part of Panama la Vieja which was ultimately destroyed in 1671 by Henry Morgan. Excellent centering and stunning paper quality as indicated by the gem designation. As is the case with the other denominations of this set we are offering, we are well aware that many of our esteemed bidders need this note to complete their set and since there is only one "finest known" example, we have estimated the note conservatively but expect spirited bidding and look forward to the excitement.

Finest Uncancelled 20 Balboas - A Significant Treasure

30371

PANAMA. El Banco Central de Emision de la Republica de Panama. 20 Balboas, 1941. P-25a. PMG Choice Extremely Fine 45 EPQ. The other denominations of the Arias issue eludes even the most seasoned collectors, but the unattainability of these 20 Balboas has ushered them into the pantheon of highly collectible banknotes in the numismatic community. A very desirable 000967 serial number is presented with fully original paper and bright inks. This extremely rare 20 Balboas is not just the only fully issued example with an EPQ designation, but it is also the highest graded by PMG that does not have a cancellation. Taking all of this into account, we believe that this should be considered the finest known example of the denomination and we surmise that the collecting community will feel the same and bid accordingly.

PANAMA. 1952 Look 'N See #52. Vasco Núñez de Balboa. PSA EX-MT 6. In 1952 Topps came out with a series of baseball cards that feature the coveted 1952 Mickey Mantle rookie that recently sold for a record-breaking \$5.2 Million. At the same time, they also released a Look 'N See series featuring famous historical figures like Abraham Lincoln, Queen Elizabeth II, Mark Twain, among others. Included in that set, is this rare Vasco Núñez de Balboa card showcasing the popular portrait of the explorer that is very similar to the one found on the Panamanian banknotes. We thought it would be fun to offer one such example to the public. These examples are usually found with qualifiers like "miscut" or "off centered" when encountered graded.

The *Standard Catalog of World Paper Money* simply lists this pick number as "Rare," which is a gross understatement given the fact that PMG has graded just two examples of this catalog number in their long grading history. Auction records for a fully issued example of this Pick variety are hazy at best, and this will be the first time we have had the pleasure of offering this scarce catalog number. This note is the finest graded for the pick number at the time of cataloging by PMG, and offers a darkly inked design printed in pink paper. Two bold red stamps are at left and right ends of the note. We expect to see spirited bidding on this lot, as it may be some time before an issued 5 Pesos note of this series becomes available publicly to collectors.

RUSSIA—NORTH RUSSIA

Rare North Russia 500 Rubles Remainder 1918

30435

RUSSIA—NORTH RUSSIA. Chaikovskii Government. 500 Rubles, 1918. P-S143. Remainder. PCGS Banknote Very Fine 25 Details. Internal Damage, Pinholes. The North of Russia was in much turmoil when this note was printed in 1918. Allied troops were landing at Archangelsk and Murmansk to reinforce White Army forces against the rapidly advancing Red Army, although this would later prove futile. By 1919, the Allies had abandoned the North of Russia and the White Russian Northern Army was left to fight against the more disciplined Red Army alone. The region later capitulated to Bolshevik rule in early 1920. This note is a lasting testament to the Provisional Government of the Northern Region. This note is found in remainder form and from the second issue series. No signatures are found on this remainder, and the note is pen cancelled at the left end on both the obverse and reverse. This note is found with a red serial number of “ИЦ021502” at left and right ends. The overprint typically covering the phrase over the text box at left on the face is also missing, along with the overprints over the arms. The reverse of the note depicts a portrait of a woman at left, and an allegorical woman is found at right watching over a sea port, with a fast approaching ship seen in the background. Auction appearances of this variety are almost non-existent, and this note is surely missing from the most advances collections of Russian paper money. This is the first example we have handled in remainder form in our long history, and are excited to finally offer this note to collectors. We would not be surprised if our high estimate is met or exceeded for this rare note. PCGS Banknote comments “Internal Damage, Pinholes.”

RUSSIA—SOUTH RUSSIA. Russian Government. 5 Rubles, ND (1920). P-S437. Remainder. PCGS Banknote About Uncirculated 55. The White Russian Army lost the city of Sevastopol, located in the Crimean Peninsula, in November of 1920. The White Army was forced to evacuate the peninsula and thus gave up the Southern Front to the Red Army. This note was intended to be issued in 1920 by the South Russian Government, however this series was never issued due to the loss of Crimea. This series was interestingly printed by Waterlow & Sons in London, and this example appears to be an unfinished remainder, with only the front design printed. The reverse print is completely missing, which should have been the Imperial Russian double headed eagle design. The paper is watermarked with a mosaic design. Scarce, and surely missing from most South Russia or Russian Civil War paper money collections.

Siege of Mafeking 1 Pound PMG Pop 1/None Finer

30465

SOUTH AFRICA. Boer War - Siege of Mafeking. 1 Pound, 1900. P-S655b. Choice Uncirculated 64. Watermark of Charter Vellum (only found on the "b" variety whereas the "a" variety has a watermark of Garter Arms). Serial number 124. This series of notes was issued by Colonel Robert S. S. Baden-Powell during the Siege of Mafeking during the Second Boer War. This 1 Pound note is the more difficult to locate "b" variety, with PMG having graded just two examples of it at the time of cataloging. This note sits atop PMG's pop report for the variety, and offers exquisite detail any collector would be proud to showcase in their collection. The embossed stamp offers punch through detail, and blue tinted paper remains bold and helps to accentuate the penned details of the signatures and serial numbers. The note displays a Union Jack flying above a howitzer nicknamed "wolf" with Baden-Powell standing next to the gun emplacement, with an armed man at left, a woman at right and a sharpshooter at far right defending the siege line.

The Siege of Mafeking began on October 13th, 1899 and lasted for an astounding 217 days. Colonel Robert Baden-Powell led the defense of the besieged town against the Boers, resisting urges to abandon the town or to launch a break-out. The defenders consisted mainly of Rhodesian troops. Measures turned desperate inside the town for the soldiers and civilians, with reports of mounted soldiers having to eat their own horses recorded. The siege was finally lifted on the 17th of May, 1900, when nearly 2,000 British soldiers under the Command of Colonel B. T. Mahon defeated the Boer garrison besieging the town. Robert Baden-Powell was regarded as a national hero in England after the war, and is often best remembered today for his guidance in starting the Boy & Girl Scouting movements.

ZANZIBAR

Rare 1916 Dated Zanzibar 5 Rupees

30505

ZANZIBAR. The Zanzibar Government. 5 Rupees, 1908-28. P-2. PMG Choice Fine 15 Net. Repaired, Reconstructed. This tiny area is a semi-autonomous archipelago off the coast of Tanzania. Microlithic tools have proven that Zanzibar has been home to humans for over 20,000 years. Zanzibar was formally under control by the Portuguese Empire during the exploration age, then the Sultanate of Oman, later the British Empire, then ruled as a constitutional monarchy under Sultan Jamshid bin Abdullah before the Zanzibar Revolution. However, it currently governs itself and is made up of the Revolutionary Council and House of Representatives.

You do not need to know the entire history of Zanzibar to know how rare and special banknotes from the region are. The country was a trading point between the surrounding continents for many different imports and exports ranging from spices to slave trafficking. Zanzibar did not print its own money until 1908. Denominations initially released were 5, 10, 20, 50, and 100 Rupees. Of the notes printed from 1908 to 1928, only around 500 are known to have survived. Fast forward nearly 100 years later, it is certain that number has decreased significantly.

We are fortunate enough to offer a very rare, 1916 issue, 5 Rupees banknote. This scarce note is seen with its very detailed design on the front. A dhow, a lateen-rigged ship, and a sun on the horizon is seen at left. Farmers seen at a fruit harvest at right.

The note is a uniface and therefore has a blank reverse though this particular example has some life to it and features some annotations and a stamp we believe may be from a Gujarati shoemaker. A guilloche border outlines the design and contains "5" counters in each corner to signify the denomination. PMG comments "Repaired, Reconstructed." These comments are noted for the center which has seen handling, possibly from the cobbler.

Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and

Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount

until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

b. In the case of non-certified coins and currency that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins and currency that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER

FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
